

Views this spectacular need little introduction

From the one that started it all, inventing the category of clean face, the TC42's dynamic, full flames are a commanding presence in any room.

Town & Country's TC42 is all about a big, bold fire, uncluttered by louvers or unnecessary trim. Flames dance among your choice of burners – traditional logs, classic river rock or modern tumbled glass. And our venting versatility puts the TC42 where you want it.
